HAKKIMIZDA

2010 yılında sıfır sermaye ve sıfır ürün ile başladığımız bu yolculukta bilgiye ulaşmak için çok çalışmak gerektiğini hiçbir zaman unutmadık. Maddi kazancımızı, enerjimizi ve zamanımızı doğru yere odaklayarak en önemli kazancın bilgi olduğunu anladık. Çalışma hayatımızın ilk gününden itibaren önceliğimiz, bilginin gücü felsefesi olmuştur. Bu kapsamda doğru bilgiyi doğru şekilde öğrenmek adına çok çalışarak bütün kazancımızı bilgiye ve AR-GE yatırımlarına yatırdık. Vaktimizi daha çok geliştirmeye adanarak, AR-GE faaliyetlerini yerinde görmek ve bilgiyi keşfetmek adına 30'a yakın ülke ziyaret ederek teknolojiyi yakından takip ettik.

Yaptığımız araştırmalar neticesinde kullanılan son teknolojiyi yerinde uygulamak ve sektörün lideri olmak için çok çalıştık. Bu yolda bir adım daha attık; Uzak Doğu'ya yatırımlar yaparak yurt dışında ilk fabrikamızı açtık ve profesyonel bir ekip ile üretmeye başladık. Yalnızca bir alana odaklanmak yerine birçok alanda faaliyetlerimize devam ettik. Çünkü bizim için yeterlilik, öğrendikçe daha fazlasını öğrenme azmini geliştirmek oldu. Elektrik ve aydınlatma, elektronik komponent, tüketici teknolojisi, reklam aydınlatmaları, elektronik motorlar, yeşil enerji gibi yaklaşık 20 farklı sektör ve 100.000'den fazla ürünün üzerinde çalışarak çeşitli alımlar ve üretimler sağladık. Çalışmalarımız neticesinde kendi firmalarımızı kurduk ve birçok alanda öncü olma yolunda biraz daha ilerledik. Bu yolculuğun ilk zamanlarından itibaren ürünlerimizi sadece üretmek ile kalmayıp aynı zamanda geliştirdik ve daha verimli bir hale getirdik.

Günümüze kadar çeşitli faaliyetler yürütmeye devam ettik. LED ve Aydınlatma sektöründe Türkiye'nin yüksek kaliteli ürünler üreten firmalarından biri olduk. Kullanıcılarımızı geliştirdiğimiz yüksek verimli ve kaliteli ürünler ile buluşturduk. İşe başladığımız günden günümüze kadar olan bu süreçte, bilgiye verdiğimiz önem ile aydınlatma sektörünün ilk sıralarına doğru ilerliyoruz.

Oluşturduğumuz yurt içi ve yurt dışı üretim ağıımız ve kurduğumuz birçok bağlantı ile 100.000'den fazla ürün çeşidi tedarik edebilme gücü ile sektöre yön veriyoruz. Geliştirdiğimiz bu ürünleri, yüksek teknoloji ile birleştirip sürekli yenilik sunuyoruz. Araştırma ve geliştirmenin kıymetini bilen ekip arkadaşlarımız ile birlikte faaliyetlerimize ara vermeden devam ediyoruz. Geliştirdiğimiz bu noktada Türkiye'nin yerli ve milli değerlerini koruyarak, sektörde öncü olmaya, üretmeye, gelişmeye ve geliştirmeye devam edeceğiz.

VİZYONUMUZ

Çalıştığımız bütün sektörlerde yüksek teknolojimizi ve milli imkanlarımızı kullanarak ülkemizde ve dünyada öncü olan firmalardan biri olup, kaliteli ürünler ile ülke ekonomimize katkı sağlamaktır.

MİSYONUMUZ

Ekonomik, kaliteli, yenilikçi ürünler üreterek; üstün hizmet anlayışı ile kaliteden ödün vermeden kaliteli imalat, zamanında teslimat anlayışı ile müşteri memnuniyetini en üst düzeye çıkarmaktadır

ABOUT US

We have never forgotten that this journey, which started in 2010 with zero capital and zero products, requires a lot of work to get information.

By focusing our financial gain, energy and time in the right place, we realized that the most important gain is knowledge. From the first day of our working life, our priority has been the philosophy of the power of knowledge. In this context, we worked hard to get the right information and invested all our profits in information and R&D investments. We have been committed to improving our time, and we have closely followed technology by visiting close to 30 countries to see R&D activities on site and explore information.

As a result of our research, we have worked hard to implement the latest technology in place and become the industry leader. We took another step toward this; we made investments in the far East, opened our first factory abroad and started producing with a professional team. Instead of just focusing on one area, we continued our activities in many areas. Because the competency for us has been to develop the will to learn more as we learn. Electrical and lighting, electronic components, consumer technology, advertising lighting, electronic motors, we have worked on about 20 different sectors, such as green energy, and over 100,000 products, providing various purchases and production. As a result of our work, we started our own companies and moved a little further toward being a pioneer in many areas. From the early days of this journey, we have not only developed our products but also improved them and made them more efficient.

We continued to conduct various activities until today. In the LED and Lighting industry, we have become one of Turkey's high quality products. We've combined our users, with high-efficiency, high-quality products that we've developed. From the day we started, to the present, we are moving toward the first of the lighting industry with the importance we give to information. We have created domestic and international production

OUR VISION

By using our high technology and national resources in all the industries we work in, we are one of the leading companies in our country and the world, and we are contributing to our country economy with quality products.

OUR MISSION

By producing economical, quality, innovative products, quality manufacturing without compromising quality with superior service understanding maximizes customer satisfaction with timely delivery

ÜRÜNLERİMİZ

Backlight / Backlight	1-2
Slim Panel / Slim Panel	3-4
Sıva Üstü Panel / Surface Mounted Panel	5
Cob Spot Led / Cob Led Spot Led	6-8
Ampul Modelleri / Bulb Models	9-11
Bant Armatür / Band Armature	12-13
Floresan / Fluorescence	14-15
Projektör / Projector	16-18
Ray Spot / Track Spot	19-20
Sokak ve Solar Armatür/Street and Solar Armature	21-22
Masa Lambası / Desk Lamp	23-24
Aplik / Sconce	25-26
Renkli Ürünler / Colored Products	27-28
Tavan Armatürü / Ceiling Armature	29
Wallwasher / Wallwasher	30
Modül Led/ Module Led	31
Kontrol Cihazları / Controllers	32
Çeşitli Ürünler / Varius Product	33-35
Ledler / Leds	36-38
Led Bar / Led Bar	39
Trafo Modelleri / Transformer Models	40-46
Rainproof / Rainproof	47-48
Dekoratif Ürünler / Decorative Products	49
Ledli Acil Çıkış Armatürleri/Led Emergency Exit Armatures	50
Sürücü / Driver	51
Tekton Modül Led / Tekton Module Led	52
